Utility work begins on WIS 47/Appleton Road and Midway Road/County Road AP in Winnebago County

Road and lane closures, turning restrictions expected

(Green Bay) The Wisconsin Department of Transportation (WisDOT) Northeast Region office in Green Bay is announcing AT&T will begin utility work at the intersection of WIS 47/Appleton Road and Midway Road/County Road AP on Monday, Feb. 9, 2015 in Winnebago County. The utility work is expected to last approximately 10 weeks. The work is in preparation for the WIS 441 Tri-County Expansion Project at WIS 47 (Appleton Road) interchange later this year.

Traffic impacts for AT&T's utility construction include:

- A number of through lanes will be restricted and closed during various stages.
- Northbound right-turns from Appleton to Midway eastbound will be prohibited during various stages.
- Eastbound Midway Road will be closed to motorists approaching the Appleton Rd/Midway Rd intersection during various stages.
- Appleton Road north of the Appleton Rd/Midway Intersection will be restricted to one lane during various stages.
- Eastbound Midway Road will be restricted to one lane approaching the Appleton Rd/Midway Intersection during various stages.

Utility crews will have messaging boards alerting motorists to closures or turning restrictions. The first six weeks of the utility work will have the most impacts on local traffic.

All lane restrictions and work operations are weather dependent and subject to change.
